WELCOME!

Welcome to Chanute Recreation's Fun Factory Summer Day Camp! We are glad to see returning faces and, of course, we are always excited to see new ones for another great summer.

Fun Factory is designed to keep children ages 6 through 11 healthy, creatively and mentally challenged, physically active, and safe during their summer break. Children will participate in a variety of activities that revolve around a STEAM-based curriculum, including science education and nature activities, craft projects and the arts, games and contests, active group and team-building games, computer lab, as well as weekly field trips and activities that get us outside!

A typical camper's day includes a morning filled with group activities, followed by a sack lunch; afternoon activities to include swimming at the Maring Aquatic Center, activities in our area, or field trips. It's a great way for your child to spend his/her summer with friends and enjoy being a kid, without experiencing the summer slide!
